

WHAT ARE WE DOING TO KEEP YOUR FAMILY SAFE ?

Monthly Viral Fogging

We fog the whole building every 30 days. Fogging using an aerated antiviral disinfectant to sanitise large areas. It kills off viruses in the air and on surface contact for 30 days.

More Frequent Cleaning

More frequent cleaning of all areas of the building, including high traffic .touched areas like handles, tables, chair etc. Also through cleaning of soft play area between each session.

Increased Hand Hygiene

Frequent hand washing for 20+ seconds with antiviral hand wash, and hand sanitiser located throughout the Building for all to access.

Mandatory Face Coverings

Face covers to be worn by all staff and customers where appropriate unless exempt.

Limited Booked Sessions

Limited numbers within the soft area, to aid social distancing.

Staff Lateral Testing

Twice weekly testing for all staff, and appropriate measures taken where necessary.

Social Distancing

Maintaining Social Distancing where possible in line with government guideline.
